[We love You Lord, we love You.] 3x Ohhhh!

We find You in the stillness; we find You in the noise

But help us Lord to find You when the storms don't go away.

We adore You for Your patience we adore You for Your word

Now give us strength to follow so that You are glorified! C:

What great honor can we give you that You O Lord would know

Just how deeply we are touched by the peace inside of hope;

The promise of forever in your presence clean and whole

Singing worthy is the Lamb before Your iridescent throne.
